Marketing

A Focused Campaign in a Global Market Produces Results...

Bloomer deVere represents only a few select aircraft at one time. Our record clearly shows that a concentrated sales effort produces faster sales, better prices, and enhanced returns for our clients.

Innovating Advertising and Promotional Materials

Our distinctive, tasteful advertising stands out from the mainstream, placed in respected industry publications, on websites and with listing services that most effectively reach the chief executive officer, the key financial officer, and chief pilot. As a founding member of the elite Executive Wings alliance we offer a marketing advantage through this exclusive monthly catalog.

Inquiries generated by our advertising receive an immediate response, in the form of a complete, accurate, and visually stimulating reply package. The advertising and support materials, our personal follow-up, and our willingness to spend extra time create a higher level of service.

Global Reach

Our office locations traverse nine time-zones, from California to Monaco, providing unique access to our team of aviation professionals working in concert to market your aircraft.

On Time On Budget

Our focused approach combined with leading-edge advertising and sound contracting procedures allows Bloomer deVere to regularly achieve the net return goals of our clientele. The bottom line is that at Bloomer deVere, we produce results.
